Bremerton Gasworks Revised PIP 11-09.doc

Joanne,

Attached is an updated Public Involvement Plan that hopefully addresses your comments satisfactorily.

Look forward to seeing you at the Public Meeting this Thursday.

Thanks.

Subject: Public Involvement Plan--May 2007

Lynn,

I reviewed the copy of the Public Involvement Plan, dated 2006, that you recently e-mailed to me. I reviewed my files and found a more recent version dated, May 2007. I have attached it. This version (May, 2007) addresses my earlier comments that I had provided to Dan Miller, your predecessor. The only other suggestion I would make is to revised the point of contact to include your name and contact info, and to delete the Geoengineers' contact info, since they are no longer working on this project. I checked the City of Bremerton website and reviewed the information about the Bremerton Gasworks site. It looks good!

I sent an e-mail to you yesterday concerning your last quarterly report and one of the budget tables. Please get back to me as soon as possible about this. Thank you.
